CURRICULUM NEWSLETTER

Dear Families,

Our Autumn term topic is 'The Ancient Greeks'.

We are excited to start our new topic, where children will explore the developments and changes across six key periods of Ancient Greek history. We will focus on the ancient city-states of Athens and Sparta, delve into Greek culture, and discover the lasting legacy of Ancient Greece today.

The children's exploration will also be enhanced by a trip to the Eden Project, where we will take part in a workshop called Ancient Greece and the Edenauts. This will send the children on a journey across Ancient Greece completing several challenges in order to rally the support of the Gods and the protection of the 300 warriors of Sparta. We will also have some time to explore the biomes and gardens.

For further details and resources related to this topic, please refer to the attached knowledge organiser which details some of the learning we expect to cover. Please also see below for information regarding our maths and writing learning this term.

With warm regards,

Year 5 Team
